

BEDFORD, NEW YORK

January 1, 1951.

Dear Bill : — I'm sorry to
bother you with this but I
really think the idea has a
great deal of merit and the
more I think of it the more
I think it may be just the
thing to combat every trouble
we are now having -

This is my
own idea but I'm not
looking for credit or a job
with the government - I only
want to help - If you
think it is any good please
